

Greenlam's top three recommendations for home makeovers

This the season to spruce up your space and inject it with cheerful colours and patterns in the form of laminates, veneers and wooden floors!

From the house of Greenlam Industries comes three beautiful selection of surface finishes that are guaranteed to transform spaces instantly. Whether its through a pop of colours, the ever-popular chevron pattern or the most loved herringbone floors, each solution fits perfectly in to the trending design narrative of this season.

Electric Blue and Buoyant Teak Laminates adds a pinch of timeless elegance and grandeur to the house with its detailed texture. The distinctive shade of blue evokes a sense of royalty, which is enhanced by its classic wood finish. Whether the space is contemporary or traditional, there is always room for a burst of colour and a cheerful feel. Regal colours such as royal blue, emerald green and burgundy are the go to colours to amp up the glam quotient of any living space.

Wave Chevron by Decowood Veneers is a beautiful wall veneer with natural textures of wood that stand out distinctly in the décor. The zig zag patterned surface can add a touch of sophistication to any room, be it bedroom, work space or living area. Add some white linen curtains and pleasant light-toned furniture to enhance the chevron patterns and make a bold style statement. It is all in the details! Pair it with jewel tones to create a sense of drama.

Oak Sea Mist + Oak Winter from Herringbone Twine collection by Mikasa premium engineered wooden floors brings to you a monochromatic, chequered flooring that can rejuvenate any space. Its high-end aesthetic will make the furniture look remarkably unique. Thanks to its classic brown shades, this large-scale chequered floor is an all-time design favourite, appearing loud and bold in every way. Keep the décor minimalist yet classy by opting out for light coloured earthy décor pieces to balance the setting of the room. Knitting pleasant shades such as grey, blue, and cream together, along with the textured floor creates a seamless and effervescent ambience in the room.
